

## DJ MIKE SWORDS

My wife and I started shaggin' in 1988 and we joined Electric City Shag Club in 89 or 90.

I started collecting records right off the bat as we were taking a lot of lessons then and when I heard songs I liked then I would go buy them.

About 2000 I started playing pool parties and little get togethers and it started to take off. I have been DJ'ing about 15 years now. I was going all over the country doing parties when my little bumpkin got sick and now we're just DJ'ing local stuff for now.

I still love it all but my real passion is playing my 45's

Mike Swords
